SUMMARY

I am a recent Information Technology graduate with proficiency in HTML, CSS, JavaScript, and React.js. I am passionate about creating interactive, user-friendly web applications and seek to contribute to a reputable organization while continuing to learn and grow.

PROJECTS

Cryptocurrency Price Tracker Website (3 Month Duration)

Teck Stack: HTML, CSS, JavaScript and PHP.

- ❖ Implemented features to track real-time cryptocurrency prices, display historical data, and provide user-friendly navigation.
- ❖ It provides users with valuable insights into market trends, allowing them to make informed decisions about buying, selling, or holding digital assets.

E-Commerce Website (3 Month Duration)

Teck Stack: HTML, CSS and JavaScript.

- ❖ I created an e-commerce website using HTML, CSS, and JavaScript during my college period.
- ❖ Anyone can select the product or buy the products. Read reviews from other buyers to make informed decisions.

EXPERIENCE

Volunteer Experience:

- ❖ Assisted in organizing events or activities at a local organization, demonstrating teamwork and communication skills.
- ❖ Participated in community projects that involved technical skills, such as website development or digital marketing.

Project Experience:

- ❖ Collaborated with a team to design and implement user-friendly features and functionalities.
- ❖ Demonstrated problem-solving skills and attention to detail in resolving coding challenges.

SKILLS

- ❖ HTML
- ❖ CSS
- ❖ JavaScript
- ❖ React
- ❖ MySQL
- ❖ Python (Basic Knowledge)
